Dear Neighbor,

We are writing to you because we are a local couple currently looking to buy a home specifically on [Street Name]. We have always admired your street and the character of the houses here, and we would love to make this neighborhood our permanent home.

We wanted to reach out directly to see if you, or perhaps one of your neighbors, have considered selling your property in the near future. We are highly motivated, have our financing in order, and are looking for a smooth, private sale without the stress of open houses or public listings.

If you have any interest in selling, or if you are just curious about what an offer might look like, we would love to have a brief conversation with you. We promise to be respectful of your time and privacy.

Thank you for taking the time to read our letter. We look forward to potentially hearing from you soon.

Sincerely,

[Your Names]
