Dear [Agent Name],

We wanted to reach out and thank you for helping us find our new home in [New City/State] while we were still living in [Old State].

Buying a home from out-of-state seemed like a daunting task, but your expertise made the transition seamless. We especially appreciated:

- [Specific mention: e.g., The detailed video tours you provided]
- [Specific mention: e.g., Your knowledge of the local neighborhoods and schools]
- [Specific mention: e.g., Your coordination with inspectors and contractors on our behalf]

Your communication kept us at ease during the entire process. We always felt like we had a trusted partner on the ground looking out for our best interests, even when we couldn't be there in person.

We are so happy with our decision and would highly recommend your services to anyone, especially those looking to relocate from out of the area.

Best regards,

[Your Name(s)]

Testimonial for Public Use:

"[Agent Name] was incredible to work with during our cross-country move. They handled everything locally while we were miles away, providing excellent virtual tours and local insights. We couldn't have done this without their dedication and professionalism. Highly recommended!"
