

Subject: Congrats again + A small favor? ?

Hi [Client Name],

Congratulations once again on closing on your very first home! It was such an honor to guide you through this milestone, and I'm so happy we found the perfect place for you.

I am working on some new content for my Instagram page to help other first-time homebuyers understand what the process is really like. Would you be open to filming a quick 30-60 second video testimonial about your experience working with me?

You don't need anything fancy-a simple selfie video on your phone works perfectly! If you're up for it, you could mention:

- What your biggest fear was as a first-time buyer.
- How I helped make the process easier for you.
- Your favorite part of your new home.

Feel free to record it whenever you have a moment and text it to me or DM it to me on Instagram at @[YourHandle].

Thank you for trusting me with your first home purchase!

Best regards,

[Your Name]
