

Subject: Would you share your moving story on Facebook?

Hi [Client Name],

Congratulations again on your successful move to [Destination State]! It was a pleasure helping you navigate the complexities of an out-of-state relocation.

I am reaching out because stories like yours truly help others who are feeling overwhelmed by the idea of moving across state lines. Would you be willing to record a short video testimonial (30-60 seconds) for our Facebook page?

You could briefly mention:

- What your biggest concern was about moving out-of-state.
- How our team made the transition easier for you.
- Your favorite part of your new home or neighborhood.

If you're up for it, you can simply record it on your phone and send it back to this email, or I can provide a link to upload it directly.

Thank you for trusting us with your big move!

Best regards,

[Your Name]
