

Subject: We'd love to see your new home! (Quick video request)

Dear [Homeowner Name],

Congratulations again on moving into your brand-new home! It was a pleasure working with you to bring this project to life.

Now that you are settled in, we would love to hear about your experience. Would you be willing to record a short video testimonial (under 60 seconds) that we can share on our social media pages?

You don't need any professional equipment-a simple video filmed on your smartphone works perfectly! If you're interested, here are a few things you could mention:

- Your favorite feature of your new home.
- How you felt on move-in day.
- What it was like working with the [Company Name] team.

As a thank you for your time, once we receive your video, we will send you a [Gift Card Amount] gift card to [Store/Restaurant Name].

Please reply to this email if you are interested, and I can send over a few tips on how to record and send the video to us.

Thank you for choosing [Company Name]!

Best regards,
