

Subject: Quick favor? / Loved working with you!

Hi [Client Name],

It was a pleasure working with you on the sale of [Property Address]. I am so glad we were able to [mention a specific result, e.g., close quickly / handle the repairs for you].

I am looking to share more "real life" stories on my social media pages to show other homeowners how the process works. Would you be willing to record a short video testimonial (30-60 seconds) about your experience working with me?

You can simply use your smartphone. Here are three quick things you could mention:

- What was the biggest problem you were facing before we met?
- How did the process go once we started working together?
- Would you recommend my services to a friend or family member?

You can send the video directly to me via [Text/Email/WhatsApp].

As a thank you for your time, I'd love to send over a \$[Amount] gift card to [Restaurant/Store] once the video is received.

Thank you again for your trust!

Best regards,
