

Dear [Client Name],

It was a pleasure working with you on the recent off-market sale of [Property Address]. I am thrilled that we were able to achieve such a successful outcome while maintaining the privacy and efficiency that an off-market deal provides.

As much of my business relies on private transactions, word-of-mouth and personal recommendations are incredibly important. Would you be willing to share a brief testimonial about your experience working with me?

Specifically, I would love for you to mention:

- How you felt about the privacy of the off-market process.
- Your satisfaction with the final sale price and terms.
- The level of service and communication you received.

Your feedback helps other sellers understand the unique benefits of the off-market approach. You can simply reply to this email with a few sentences, or I can provide a link to my profile if you prefer.

Thank you again for your trust and for the opportunity to represent you.

Best regards,

[Your Name]
