**RE: Notice of Non-Infringement regarding U.S. Patent No. [Patent Number]**

Dear [Recipient Name],

I am writing on behalf of [Your Company Name] in response to your correspondence dated [Date of Allegation Letter] regarding United States Utility Patent No. [Patent Number] (the "Patent").

We have completed a thorough technical and legal analysis of the claims set forth in the Patent in relation to our product, [Product Name/Model Number]. Based on this evaluation, we have determined that [Your Company Name] does not infringe any valid and enforceable claim of the Patent, either literally or under the doctrine of equivalents.

Our determination is based on the following factors:

- **Absence of Claim Elements:** [Product Name] does not incorporate at least the following elements required by the independent claims: [List specific elements or limitations from the patent claims that are missing from your product].
- **Different Functionality:** The technology utilized in [Product Name] operates by [Briefly describe different mechanism], which is fundamentally distinct from the methods protected by the Patent.
- **Prior Art:** [Optional: Mention if the patent claims are restricted by prior art that predates the patent filing].

In light of these facts, [Your Company Name] requests that you withdraw your allegations of infringement and provide written confirmation that you will not pursue further legal action regarding this matter.

Please note that this letter is a statement of our position for settlement purposes only and is without prejudice to any other rights or defenses [Your Company Name] may have, all of which are expressly reserved.

We look forward to your prompt response.

Sincerely,

[Your Name/Signature]
