RE: Patent Clearance Opinion regarding [Project/Product Name]

Dear [Name],

1. Introduction

You requested our legal opinion regarding whether the commercialization of [Product Name] (the "Subject Product") infringes any valid claims of the following third-party patents: [List Patent Numbers] (the "Target Patents").

2. Executive Summary

Based on our analysis of the Subject Product and the Target Patents, it is our professional opinion that [the Subject Product does not infringe any claim of the Target Patents / the Target Patents are likely invalid]. Therefore, the risk of a successful patent infringement claim by the owner of the Target Patents is [Low/Moderate].

3. Description of the Subject Product

Our analysis is based on the technical specifications provided by you on [Date], which describe the Subject Product as: [Insert Brief Technical Description].

4. Analysis of Target Patents

4.1 Patent No. [0,000,000]

Claim Analysis: We examined independent claims [List Claims]. We found that the Subject Product lacks the following element required by the claims: [Describe missing element].

Non-Infringement Conclusion: Because the Subject Product does not meet every limitation of the claims, there is no literal infringement. Furthermore, under the Doctrine of Equivalents, [Brief Explanation].

4.2 Validity Analysis (If Applicable)

[Optional: Discussion on prior art that may render the Target Patents invalid or unenforceable.]

5. Limitations and Assumptions

This opinion is limited to the Target Patents identified above. We have not conducted an exhaustive "Freedom to Operate" search of all existing patents. This opinion is based on the current state of the law and the facts as disclosed to us as of this date.

6. Conclusion

Subject to the limitations stated above, we conclude that the Subject Product can be manufactured and sold without infringing the Target Patents.

Sincerely,
