Re: Freedom to Operate (FTO) Opinion Regarding [Project/Product Name]

Dear [Name],

1. Introduction and Scope

This opinion has been prepared at your request to evaluate the freedom to operate (FTO) regarding the commercialization of [Product/Technology Description] (the "Subject Technology") in [Jurisdiction, e.g., the United States]. Our objective was to identify potential patent infringement risks and provide a legal assessment of those risks.

2. Description of Subject Technology

Our analysis is based on the technical specifications provided by your team on [Date], specifically [Reference Specification Documents/Drawings]. We understand the Subject Technology to consist of the following key features:

- [Feature A]
- [Feature B]
- [Feature C]

3. Search Methodology

We conducted a search of patent literature in [Database Names] covering the period from [Start Date] to [End Date]. The search focused on [Classification Codes] and keywords including [Keywords Used]. This search targeted both granted patents and published patent applications.

4. Identified Relevant Patents

Our search identified [Number] patents/applications of interest. After initial screening, we have focused our detailed analysis on the following:

- **Patent No. [XXXXXXX]:** [Brief Title]
- **Patent No. [YYYYYYY]:** [Brief Title]

5. Legal Analysis

A. Patent No. [XXXXXXXX]

[Detailed analysis of the independent claims. Explain why the Subject Technology does or does not meet every element of the claims under the Literal Infringement or Doctrine of Equivalents standards.]

B. Patent No. [YYYYYYYY]

[Detailed analysis of the independent claims. Include discussion on claim construction and any potential defenses such as invalidity or prior art.]

6. Conclusion and Risk Assessment

Based on our analysis of the patents identified above, it is our opinion that:

[Select one: There is a low risk of infringement / There are specific areas of concern that may require licensing or design-around efforts.]

7. Limitations and Caveats

This opinion is based on the patent landscape as of the date of the search. It does not account for unpublished patent applications, pending claims that may be broader upon issuance, or patents filed after our search date. This opinion is provided solely for the benefit of [Client Name] and may not be relied upon by any third party.

Sincerely,
