

Dear [Homeowner Name],

Is your current home starting to feel a little too small? If you find yourself dreaming of an extra bedroom, a larger backyard, or more storage space, I have exciting news.

I just listed a beautiful home nearby that was designed with a growing family in mind. Located at [Property Address], this home features [Number] bedrooms, [Number] bathrooms, and [Key Feature, e.g., a spacious playroom or fenced-in yard].

Moving to a larger home is a big milestone, and I specialize in helping families transition smoothly from their current house into their "forever home."

If you are curious about what your current home is worth in today's market or would like to schedule a private tour of this new listing, please give me a call at [Phone Number].

I look forward to helping your family find the room it needs to grow.

Best regards,
