**Subject:** Impact of Proposed Commercial Vehicle Parking Ban on Real Estate and Property Values

Dear [Name of Official or Board Members],

I am writing to express my concerns regarding the proposed ban on commercial vehicle parking at [Location/Neighborhood]. As a [Resident/Property Owner/Real Estate Professional], I wish to highlight the potential negative impacts this regulation may have on local real estate and property values.

The primary concerns are as follows:

- **Reduced Buyer Pool:** Many residents rely on commercial vehicles for their livelihoods, including small business owners, contractors, and essential service providers. A total ban may discourage these individuals from purchasing property in this area.
- **Decline in Property Values:** Restrictions that limit the utility of a property for a significant portion of the workforce can lead to decreased demand, potentially lowering market values compared to neighboring areas without such bans.
- **Impact on Home-Based Businesses:** For those who operate legally from their homes, the inability to park a necessary work vehicle on their own property or street creates an undue financial and operational burden.
- **Tenant Retention:** For rental properties, these restrictions may lead to higher vacancy rates as tenants who drive commercial vehicles are forced to relocate to more accommodating jurisdictions.

I urge the [Council/Board] to consider alternative solutions, such as size or weight-based limitations, specific time-of-day restrictions, or designated parking zones, rather than a blanket ban that could harm the economic health of our community's real estate market.

Thank you for your time and for considering the long-term impact on our property rights and values.

Sincerely,

[Your Name]
