RE: Prostate Biopsy Results Consultation

Dear [Patient Name],

This letter is to follow up regarding your recent prostate biopsy performed on [Date of Procedure]. The pathology results from your evaluation are now available for review.

The results indicate the following:

[Insert Summary of Findings: e.g., Benign/Negative for Malignancy, Prostatic Intraepithelial Neoplasia (PIN), or Adenocarcinoma]

Based on these findings, the next steps in your care plan include:

- [Recommendation 1: e.g., Active Surveillance]
- [Recommendation 2: e.g., Repeat PSA testing in X months]
- [Recommendation 3: e.g., Referral for further imaging or treatment consultation]

I would like to discuss these results with you in detail during a follow-up consultation. Please contact our office at [Phone Number] to schedule an appointment if you do not already have one confirmed for [Date/Time of Scheduled Appointment].

If you have urgent questions prior to our meeting, please do not hesitate to contact my clinical staff.

Sincerely,

[Doctor Signature]
