RE: Patient Consultation Status

Patient Name: [Patient Full Name]
Date of Birth: [DOB]
Condition: [Suspected/Confirmed Bleeding Disorder]

Dear Dr. [Referring Physician Last Name],

This letter is to provide an update regarding the hematology follow-up for the above-mentioned patient. [Patient Name] was seen in our clinic on [Date] for a follow-up evaluation of their bleeding symptoms and laboratory profile.

Current Clinical Status:

Since the initial consultation, the patient reports [improvement/no change/worsening] in symptoms. Specific episodes of [epistaxis/menorrhagia/easy bruising/other] were reviewed. Physical examination findings remain [stable/notable for].

Laboratory and Diagnostic Updates:

Recent testing including [Factor levels/Von Willebrand profile/Platelet function/PT/PTT] indicates:

- [Test Name]: [Result]
- [Test Name]: [Result]

Assessment and Plan:

Based on the clinical presentation and laboratory data, our current assessment is [Diagnosis/Rule-out status]. Our management plan includes:

- [Medication/Prophylaxis adjustment]
- [Scheduled procedures or infusions]
- [Emergency protocol for acute bleeding]

The patient is scheduled for a subsequent follow-up on [Date]. We will continue to monitor their status and coordinate care accordingly. Please feel free to contact our office if you have any questions.

Sincerely,

[Physician Signature]
