Re: Home Environment Accessibility and Usage Assessment

Dear [Client Name],

This letter provides the findings and recommendations following the home environment accessibility assessment conducted on [Date of Visit] at your residence.

Assessment Objective:

The purpose of this evaluation was to identify physical barriers within the home and recommend modifications to improve safety, independence, and functional usage of the living space.

Observed Functional Limitations:

[Description of mobility, sensory, or cognitive challenges affecting home usage]

Key Findings by Area:

- **Entrance/Exits:** [Findings regarding steps, lighting, or door width]
- **Bathroom:** [Findings regarding shower access, toilet height, or grab bars]
- **Kitchen:** [Findings regarding counter height, reach, or appliance safety]
- **Bedroom:** [Findings regarding bed height or floor clearance]
- **General Circulation:** [Findings regarding hallways, flooring, or lighting]

Recommended Modifications:

1. [Recommendation 1, e.g., Install a ramp at the front entrance]
2. [Recommendation 2, e.g., Install a walk-in shower with grab bars]
3. [Recommendation 3, e.g., Remove loose rugs and improve overhead lighting]

Conclusion:

Implementing these changes will significantly reduce the risk of falls and increase your ability to perform daily activities independently. Please contact [Assessor Name] at [Phone Number] if you require assistance in coordinating these modifications.

Sincerely,

[Signature]
