Re: Return to School for [Student Name]

Dear [Teacher Name or School Office],

Please accept this letter as notification that my child, [Student Name], is ready to return to school on [Return Date].

In accordance with health guidelines, [Student Name] has completed a forty-eight (48) hour observation period at home. I can confirm that my child has remained fever-free for a full 48 hours without the use of fever-reducing medications (such as Tylenol or Ibuprofen).

Additionally, [Student Name]'s symptoms have significantly improved, and they are well enough to participate in all regular school activities.

Thank you for your assistance in ensuring a healthy environment for all students.

Sincerely,
