

**Date:** [Insert Date]

**To:** [Name of National Authority/Regulatory Body]

**Address:** [Insert Address]

**Subject: Letter of Assurance for Paris Agreement Article 6 Compliance**

To the National Authority,

This letter serves to formally confirm that the project titled "**[Insert Project Name]**", identified by reference number **[Insert Reference Number]**, is designed and operated in full compliance with the requirements set forth under Article 6 of the Paris Agreement.

We hereby provide assurance on the following points:

- **Environmental Integrity:** The project ensures real, measurable, and long-term greenhouse gas emission reductions or removals.
- **Avoidance of Double Counting:** The project adheres to robust accounting standards and requests the application of Corresponding Adjustments by the host party to prevent the same emission reduction from being used toward more than one Nationally Determined Contribution (NDC).
- **Sustainable Development:** The project activities contribute to the sustainable development goals of the host country as defined by national regulations.
- **Additionality:** The emission reductions achieved by this project are additional to what would have occurred in the absence of the Article 6 mechanism.

The undersigned confirms that all documentation provided is accurate and that the project will remain subject to the necessary monitoring, reporting, and verification (MRV) protocols required under Article 6.2 or 6.4 frameworks.

Sincerely,

[Signature]
