

Date: [Date]

Patient Name: [Patient Name]

Date of Birth: [DOB]

Procedure: [Procedure Name - e.g., Colonoscopy/Gastroscopy]

Summary of Procedure

You underwent an endoscopic procedure today. During the examination, [Number] polyp(s) were identified and successfully removed (polypectomy). These tissue samples have been sent to the laboratory for analysis.

Follow-up and Results

- **Biopsy Results:** Your results will be available in approximately [Number] days/weeks.
- **Notification:** You will be notified of the results by [Letter/Phone Call/Follow-up Appointment].
- **Next Procedure:** Based on the findings today, your next surveillance procedure is recommended in [Timeframe].

Post-Procedure Instructions

- **Rest:** Rest for the remainder of the day. Do not drive or operate machinery for 24 hours if you received sedation.
- **Diet:** You may resume your normal diet unless instructed otherwise. Drink plenty of fluids.
- **Medications:** Resume your usual medications unless told to stop blood thinners/anticoagulants. [Specific Medication Instructions].

When to Seek Medical Attention

Contact the endoscopy unit or go to the nearest Emergency Department immediately if you experience:

- Severe abdominal pain or bloating.
- Heavy rectal bleeding (passing more than half a cup of blood).
- Black, tarry stools.
- Fever or chills.
- Persistent nausea or vomiting.
