Re: Lab Results for [Date of Collection]

Dear [Patient Name],

I am writing to provide you with the results of your recent blood work performed on [Date].

I am pleased to inform you that your laboratory results are within the normal range. No significant abnormalities were detected at this time, and no further action or follow-up appointments are required regarding these specific tests.

A copy of your detailed laboratory report is enclosed for your personal records.

Please continue with your current health regimen as discussed during your last visit. If you experience any new symptoms or have specific questions about these results, please feel free to contact our office at [Phone Number].

Sincerely,

[Doctor Signature]
