

Subject: Your Lab Results - Comprehensive Metabolic Panel (CMP)

Dear [Patient Name],

We are writing to provide you with the results of your recent Comprehensive Metabolic Panel (CMP) blood test performed on [Date].

We are pleased to inform you that your results are within the normal range. This test evaluated several important functions, including:

- Your blood sugar (glucose) levels.
- Your kidney function (BUN and Creatinine).
- Your liver function (ALT, AST, ALP, and Bilirubin).
- Your electrolyte and fluid balance (Sodium, Potassium, Chloride, and Carbon Dioxide).
- Your protein levels (Albumin and Total Protein).

Since these values are normal, no further action or follow-up is required regarding this specific test at this time.

You can view your full laboratory report through the online patient portal or request a printed copy from our office.

If you have any questions or are experiencing new symptoms, please contact our office to schedule a follow-up appointment.

Best regards,
