Dear [Patient Name],

We are writing to provide you with the results of your recent Comprehensive Metabolic Panel (CMP). Your lab work shows that your blood glucose (sugar) level is elevated at [Insert Value] mg/dL. The normal fasting range is typically between [Insert Range].

An elevated glucose level can be caused by several factors, including recent food intake, certain medications, stress, or underlying medical conditions such as pre-diabetes or diabetes.

Next Steps:

- Please remain fasting (no food or drink except water) for 8 to 12 hours before your follow-up test.
- Schedule a follow-up appointment with our office by calling [Phone Number].
- We have ordered a repeat test/Hemoglobin A1c test to be completed by [Date].

It is important that we discuss these results to determine the best plan for your health. If you have any immediate questions, please contact our office.

Sincerely,
