

## **URGENT MEDICAL NOTIFICATION**

**Date:** [Insert Date]

**To:** [Consultant/Specialist Name]

**Department:** [Endocrinology/Diabetology]

**Facility:** [Facility Name]

**Patient Name:** [Patient Name]

**Date of Birth:** [DOB]

**Patient ID:** [ID Number]

**Subject: Urgent Consultation for Critical Hemoglobin A1C Level**

Dear Dr. [Last Name],

I am referring this patient for an urgent consultation due to a critically elevated Hemoglobin A1C (HbA1C) result.

**Laboratory Results:**

Most Recent HbA1C: [Insert Value]%

Date of Test: [Insert Date]

**Clinical Status:**

The patient is currently experiencing: [List symptoms such as polyuria, polydipsia, or weight loss].

Current Medications: [List current diabetes medications or state "None"].

Given the severity of this hyperglycemia and the associated risk of acute complications such as DKA or HHS, I am requesting an expedited evaluation for optimization of their glycemic management and potential initiation of intensive therapy.

Please find the attached recent laboratory panel and relevant clinical notes. We appreciate your immediate attention to this matter.

Sincerely,

[Your Name]
