Date: [Date]

Patient Name: [Patient Name]

Patient ID: [ID Number]

Dear [Patient Name],

This letter is to inform you of the results from your recent comprehensive sexually transmitted disease (STD) panel conducted on [Date of Test].

The laboratory findings indicate positive results for the following:

- **[Name of Infection 1]:** Positive
- **[Name of Infection 2]:** Positive

All other tests included in the panel returned negative results.

Please do not be alarmed, as the conditions identified are treatable. However, it is important that you schedule a follow-up appointment immediately to discuss your treatment plan, receive necessary prescriptions, and review steps to prevent further transmission.

Important Instructions:

- Contact our office at [Phone Number] to schedule your follow-up.
- Abstain from sexual contact until you have completed your treatment and have been cleared by a healthcare provider.
- Inform any recent sexual partners so that they may also seek testing and treatment.

We have enclosed a summary of your laboratory report and a fact sheet regarding the specific diagnosis for your reference.

Sincerely,

[Doctor/Provider Name]
[Clinic/Facility Name]
