Subject: Notification of Lab Results and Required Follow-Up

Dear [Patient Name],

We are contacting you regarding the results of your recent screenings performed on [Date of Testing].

Your laboratory results indicate a positive finding for the following: **[Insert Specific Condition Name]**.

Please be advised that this condition is treatable. However, it is important that you schedule a follow-up appointment as soon as possible to discuss your treatment plan, receive necessary prescriptions, and prevent potential complications.

To ensure your health and the health of others, we recommend the following steps:

- Call our clinic at [Clinic Phone Number] to schedule a follow-up visit.
- Refrain from sexual activity until you have completed your treatment and have been cleared by a healthcare provider.
- Notify any recent partners so they may also seek testing and treatment.

Your privacy is our priority. This information remains a confidential part of your medical record.

Sincerely,

[Provider Name or Clinic Name]
