Subject: CONFIDENTIAL LABORATORY RESULTS

Dear [Patient Name],

This letter is to inform you that your recent laboratory tests for a Sexually Transmitted Disease (STD) panel have returned with positive results for the following:

- [Name of Infection 1]
- [Name of Infection 2]

It is important that you contact our office at [Phone Number] as soon as possible to discuss these results with a healthcare provider. Most infections are curable or manageable with the correct medication, but prompt treatment is necessary to prevent complications and further transmission.

Next Steps:

- Schedule a follow-up appointment for treatment and a prescription.
- Notify your recent sexual partner(s) so they can seek testing and treatment.
- Abstain from sexual activity until you have completed your full course of treatment.

Your privacy is protected by law, and this information remains part of your confidential medical record. We are here to provide the care and support you need.

Sincerely,

[Provider Name/Clinic Name]
