Dear [Patient Name],

We are writing to inform you that we have received the results of your recent urinalysis performed on [Date of Test].

The results of this test show some findings that are outside of the normal range. Specifically, the test indicated: [Insert specific finding, e.g., elevated white blood cells, presence of bacteria, or protein].

While these results are not always a cause for immediate concern, they do require further evaluation or follow-up to determine the cause. We recommend the following next step:

- [] Schedule a follow-up appointment to discuss these results.
- [] Repeat the urine test on [Date/Time].
- [] Start a course of medication as prescribed (see attached prescription).
- [] Complete further diagnostic testing: [Test Name].

Please contact our office at [Phone Number] at your earliest convenience to schedule your follow-up or to speak with a member of your care team. If you are experiencing symptoms such as fever, severe back pain, or difficulty urinating, please call us immediately or seek urgent care.

You can also view your full lab report via the patient portal at [Link].

Sincerely,

[Provider Name/Signature]
