Dear [Patient Name],

We are writing to provide you with the results of your recent Pap smear performed on [Date of Procedure].

We are pleased to inform you that your results are **normal**. No abnormal cells or signs of cervical cancer were detected.

Based on current medical guidelines and your health history, your next routine screening should be scheduled in [Number] year(s).

Please note that a Pap smear is a screening tool for cervical health and does not test for other gynecological conditions or all sexually transmitted infections. If you experience any new symptoms such as unusual bleeding, discharge, or pelvic pain before your next scheduled visit, please contact our office to schedule an appointment.

Thank you for choosing [Name of Clinic] for your healthcare needs.

Sincerely,
