[Patient Name]
[Patient Address]
[City, State, Zip Code]

Dear [Patient Name],

We are pleased to inform you that the results of your recent screening mammogram performed on [Date of Exam] are **normal**.

The radiologist's evaluation shows no evidence of cancer or significant abnormalities. This is considered an unremarkable routine screening, and your results have been categorized as **BI-RADS 1 (Negative)** or **BI-RADS 2 (Benign)**.

Next Steps:

- Continue with your routine annual screening as recommended by your physician.
- Perform regular breast self-exams and report any new lumps, skin changes, or nipple discharge to your doctor immediately, even if your mammogram was normal.

A full report has been sent to your primary healthcare provider, [Doctor's Name]. If you have any questions regarding this report, please contact your doctor's office or our facility at [Phone Number].

Thank you for choosing us for your healthcare needs.

Sincerely,

[Department Name/Facility Name]
