Dear [Patient Name],

We are writing to provide you with the results of your recent screening mammogram performed on [Date of Exam].

Result: Normal / Benign

The radiologist has reviewed your images, and the results are normal. There is no sign of cancer. The findings are classified as benign (non-cancerous), and no further action is required at this time.

A copy of this report has been sent to your primary care physician, [Physician Name].

It is important to remember that mammograms do not detect all breast cancers. We recommend that you continue with regular breast self-exams and clinical breast exams performed by your healthcare provider. If you notice any new changes, lumps, or skin irritation in your breasts before your next scheduled screening, please contact your doctor immediately.

Unless otherwise advised by your physician, you should schedule your next routine screening mammogram in [12/24] months.

If you have any questions regarding this report, please contact our office at [Phone Number].

Sincerely,
