Dear [Patient Name],

We are writing to provide you with the results of your recent biopsy performed on [Date of Procedure] at [Location/Clinic Name].

The pathology report indicates that the cells sampled are **pre-cancerous**. This means that while the cells are not currently cancerous, they have undergone changes that could increase the risk of developing into cancer in the future if left untreated or unmonitored.

Specifically, the diagnosis is: [Specific Pathology Result/Diagnosis].

Please do not be alarmed, as identifying these changes early allows us to take proactive steps. To discuss these results and the next steps in your care, we have scheduled a follow-up appointment for you:

**Date:** [Appointment Date]

**Time:** [Appointment Time]

**Location:** [Office/Clinic Address]

During this visit, we will discuss treatment options, which may include [Option 1: e.g., removal of the affected area], [Option 2: e.g., a repeat procedure], or [Option 3: e.g., increased surveillance].

If you have any urgent questions before your appointment, please contact our office at [Phone Number].

Sincerely,

[Provider Name/Signature]
