Dear [Patient Name],

I am writing to provide you with the results of your recent biopsy/procedure performed on [Date].

The pathology report indicates that the tissue sample is **benign**. This means that the results are non-cancerous and show no signs of malignancy.

Specific Findings: [Insert specific diagnosis, e.g., Seborrheic Keratosis / Lipoma / Simple Cyst]

Based on these results, no further immediate treatment or surgery is required for this specific site. However, we recommend the following follow-up plan:

- [Follow-up Instruction 1, e.g., Monitor the area for any changes]
- [Follow-up Instruction 2, e.g., Routine skin check in 12 months]

A copy of the full pathology report has been placed in your permanent medical record. If you have any questions or would like to discuss these results further, please contact our office at [Phone Number].

Sincerely,

[Doctor Signature]
