Patient Name: [Patient Full Name]
Date of Birth: [DOB]
Date of Procedure: [Date of Biopsy/Procedure]

Dear [Patient Name],

We are writing to provide you with the results of your recent pathology report regarding the tissue sample taken from your [Location of Biopsy/Procedure].

The laboratory analysis confirms that the specimen is **benign**. This means the results are non-cancerous and show no signs of malignancy.

Diagnosis: [Insert Specific Diagnosis, e.g., Lipoma, Seborrheic Keratosis, etc.]

Next Steps:

[Option 1: No further treatment or follow-up is required at this time.]
[Option 2: Please continue with your regularly scheduled skin exams/check-ups.]
[Option 3: Please schedule a follow-up appointment in (Timeframe) to monitor the area.]

If you experience any new changes, increased pain, redness, or swelling at the site, please contact our office immediately.

If you have any questions regarding these results, you may contact us at [Phone Number] or via the patient portal.

Sincerely,

[Provider Name/Signature]
