[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

I am writing to provide you with the results of your recent endometrial biopsy performed on [Date of Procedure].

The pathology report shows that the results are **benign** (normal). This means that there were no signs of cancer or precancerous cells found in the tissue sample.

The specific findings indicate: [Insert specific benign finding, e.g., Benign Endometrium / Secretory Phase / Atrophic Changes].

Based on these results, our recommended plan is as follows:

[Insert follow-up instructions, e.g., continue current medications / return for a follow-up in 6 months / no further action needed].

Please note that if you experience any new or worsening symptoms, such as heavy post-menopausal bleeding or severe pain, you should contact our office immediately.

You may view your full laboratory report through the patient portal. If you have any questions regarding these results, please call our office at [Phone Number].

Sincerely,

[Doctor Name/Provider Name]
