RE: Pathology Results for [Procedure Date]

Dear [Patient Name],

We are writing to provide you with the results of the biopsy/specimen taken during your recent visit on [Date].

The pathology report confirms that the tissue removed is **benign (non-cancerous)**. Specifically, the diagnosis is: [Insert Diagnosis, e.g., Seborrheic Keratosis / Lipoma / Benign Nevus].

No further treatment or follow-up is required for this specific site at this time. However, as part of your routine care, you should continue to monitor the area and contact our office if you notice any significant changes, such as redness, swelling, or pain.

A copy of this report has been placed in your permanent medical record. If you have any questions regarding these results, please feel free to call our office at [Phone Number].

Sincerely,
