

Subject: Important Information Regarding Your Recent MRI Scan Results

Dear [Patient Name],

We are writing to inform you that we have received the results of your recent MRI scan performed on [Date of Scan].

The radiologist's report indicates some findings that require further discussion and follow-up. Please do not be alarmed, as "abnormal" results often require additional context or simple clinical correlation to determine the next steps in your care.

To review these results in detail, please schedule a follow-up appointment with [Doctor Name] by calling our office at [Phone Number] or using our online booking portal.

At this appointment, we will discuss:

- The specific findings of the report.
- Potential treatment options or further diagnostic testing.
- Any questions or concerns you may have.

If you have access to the Patient Portal, your results may be visible there. However, we strongly recommend waiting until your appointment to interpret these findings with your healthcare provider.

We look forward to speaking with you soon.

Sincerely,

[Doctor/Clinic Name]
[Phone Number]
[Clinic Address]
