RE: URGENT REQUEST FOR SPECIMEN RETESTING - CONTAMINATED SAMPLE

Dear [Recipient Name],

This letter is to formally request an urgent retest for the specimen(s) listed below. We have been notified that the initial sample was flagged as contaminated, rendering the previous results invalid.

Patient and Specimen Details:

- **Patient Name:** [Insert Full Name]
- **Patient ID/MRN:** [Insert ID Number]
- **Date of Original Collection:** [Insert Date]
- **Accession/Lab Number:** [Insert Number]
- **Type of Test Requested:** [Insert Test Name]

Due to the critical nature of the patient's clinical status and the need for immediate diagnostic clarity, we request that this retest be prioritized as "Stat."

A new specimen is being sent to the laboratory [choose one: immediately / via courier / at the next scheduled pickup]. Please confirm receipt of this request and provide the estimated turnaround time for the new results.

Thank you for your prompt attention to this matter.

Sincerely,

[Your Name/Signature]
[Title/Position]
[Contact Phone Number]
[Department/Facility Name]
