[Patient Name]
[Patient Address]
[City, State, Zip Code]

Dear [Patient Name],

We are writing to provide you with the results of your recent Prostate Specific Antigen (PSA) blood test performed on [Date of Test].

Your PSA level was: **[Insert Result] ng/mL**

This result falls within the normal range for your age group. A normal result suggests that no further testing or specialist follow-up is required at this time.

Please note that PSA levels can change over time. We recommend continuing with your regularly scheduled physical examinations as advised by your healthcare provider. If you experience any new symptoms, such as difficulty with urination or persistent pain, please contact our office to schedule an appointment.

You can view your full lab report through our online patient portal or request a printed copy from our front desk.

Sincerely,

[Provider Name/Doctor Name]
[Clinic/Practice Name]
