[Date]

[Patient Name]
[Patient Address]
[City, State, Zip Code]

Dear [Patient Name],

We are writing to provide you with the results of your recent routine annual Prostate Specific Antigen (PSA) blood test performed on [Date of Test].

Your PSA Level: [Insert Value] ng/mL

Interpretation:

[Select one of the following options:]

[Option 1: Normal Result]
Your result is within the normal range for your age group. No further action is required at this time. We recommend continuing with your scheduled annual screenings as planned.

[Option 2: Elevated Result]
Your PSA level is slightly higher than the previous baseline or the standard reference range. An elevated PSA does not necessarily mean cancer is present, as it can be caused by inflammation, recent activity, or benign enlargement. We would like to schedule a follow-up appointment or a repeat test in [Time Frame].

If you have any questions regarding these results or would like to discuss them in more detail, please contact our office at [Phone Number] to schedule a consultation.

Sincerely,

[Provider Name/Signature]
