Dear [Patient Name],

We are writing to provide you with the results of your recent blood work performed on [Date of Lab Test].

Your **Total Testosterone** level was: [Result Value] [Units]

The standard reference range for this laboratory is [Reference Range]. Your result falls within the normal range for an adult male. This indicates that your body is currently producing an appropriate amount of testosterone.

Based on these results, no further action or changes to your current treatment plan are required at this time regarding your testosterone levels. We will continue to monitor your health during your regularly scheduled appointments.

If you have any specific questions about these results or if you are experiencing symptoms you would like to discuss, please contact our office or schedule a follow-up appointment through the patient portal.

Sincerely,

[Physician Name]
