Dear [Patient Name],

We are writing to provide you with the results of your recent hormone panel, which was conducted to evaluate for Polycystic Ovary Syndrome (PCOS).

Your laboratory results are summarized below:

- **Total Testosterone:** [Result] (Reference Range: [Range])
- **Free Testosterone:** [Result] (Reference Range: [Range])
- **Dehydroepiandrosterone Sulfate (DHEA-S):** [Result] (Reference Range: [Range])
- **Luteinizing Hormone (LH):** [Result] (Reference Range: [Range])
- **Follicle Stimulating Hormone (FSH):** [Result] (Reference Range: [Range])
- **LH/FSH Ratio:** [Result]
- **Progesterone:** [Result] (Reference Range: [Range])
- **Prolactin:** [Result] (Reference Range: [Range])
- **Hemoglobin A1c / Fasting Insulin:** [Result] (Reference Range: [Range])

Clinical Assessment:

[Insert Physician's interpretation: e.g., The results are consistent with a diagnosis of PCOS due to elevated androgen levels / Results are within normal limits / Further testing is required.]

Next Steps:

[Insert follow-up instructions: e.g., Please schedule an appointment to discuss a treatment plan / We recommend a follow-up pelvic ultrasound / No further action is needed at this time.]

If you have any questions regarding these findings, please contact our office at [Phone Number] or message us through the patient portal.

Sincerely,
