RE: Recent Blood Test Results - [Tumor Marker Name, e.g., PSA, CEA, CA-125]

Dear [Patient Name],

I am writing to provide you with the results of your recent blood work performed on [Date].

Your [Tumor Marker Name] level was measured at [Current Value]. In reviewing your previous results ([Previous Value] on [Previous Date]), we have noted an increasing trend in this marker.

Please note that an increase in a tumor marker does not always indicate a progression of disease. These levels can fluctuate due to inflammation, infection, or other non-cancerous factors. However, because of this upward trend, we need to perform further evaluation to better understand these results.

Our office has scheduled the following follow-up for you:

- **Next Step:** [e.g., Repeat Blood Test / Imaging Scan / Office Appointment]
- **Date/Time:** [Date and Time]
- **Location:** [Location Name]

If you have any questions before your next appointment, please contact our office at [Phone Number].

Sincerely,

[Doctor Name/Provider Signature]
[Practice Name]
