[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

We are writing to inform you that we have received the results of your recent blood work conducted on [Date of Test].

The results indicate that some of your kidney function markers, specifically your [mention specific markers, e.g., Creatinine or GFR levels], are outside of the normal range. While an abnormal result does not always indicate a serious problem, it is important that we review these findings together to determine the next steps for your care.

Please contact our office at [Phone Number] at your earliest convenience to schedule a follow-up appointment. During this visit, we will discuss these results in detail, possibly repeat the tests, or schedule further diagnostic imaging.

If you are experiencing any new symptoms such as swelling in your ankles, changes in urination, or unusual fatigue, please let us know when you call to schedule your appointment.

Sincerely,

[Doctor Name/Provider Name]
