RE: Referral for Hematology Consultation

Patient Name: [Patient Full Name]

Date of Birth: [DOB]

Patient ID/MRN: [ID Number]

Dear Dr. [Hematologist Last Name],

I am referring this patient to your care for further evaluation of abnormal Complete Blood Count (CBC) results. Significant findings include [List specific abnormalities, e.g., persistent leukocytosis, severe anemia, or thrombocytopenia].

Clinical Summary:

The patient recently presented with [Brief description of symptoms, e.g., fatigue, bruising, or asymptomatic]. Current medications include [List medications]. There is [no/a] significant family history of hematologic disorders.

Recent Lab Results:

[Date of Lab]: WBC [Value], Hgb [Value], Hct [Value], PLT [Value], MCV [Value].

[Date of Previous Lab, if applicable]: WBC [Value], Hgb [Value], Hct [Value], PLT [Value].

Reason for Referral:

[Specify clinical concern, e.g., Workup for suspected myeloproliferative disorder / Evaluation of refractory iron deficiency].

I have attached the full laboratory reports and relevant clinical notes for your review. Please contact my office at [Phone Number] if you require further information.

Thank you for your consultation.

Sincerely,
