

[Date]

[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

Our records show that you are currently overdue for your routine prostate cancer screening or follow-up appointment. This was previously recommended during your visit on [Date of Last Visit].

Regular screenings, such as the PSA (Prostate-Specific Antigen) blood test and clinical exams, are important for monitoring your health and detecting potential issues early when they are most treatable.

Please contact our office at [Phone Number] to schedule your appointment. If you have already completed this screening elsewhere, please let us know so we can update your medical records.

If you have any questions or would like to discuss the benefits and risks of screening, we are happy to assist you.

Sincerely,

[Provider Name/Clinic Name]
