

[Date]

[Patient Full Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

We are writing to inform you that your recent blood work results for your Lipid Panel (cholesterol test) are available and show some values outside of the normal range.

Summary of Findings:

- Total Cholesterol: [Result Value]
- LDL (Bad Cholesterol): [Result Value]
- HDL (Good Cholesterol): [Result Value]
- Triglycerides: [Result Value]

An abnormal lipid profile can increase the risk of cardiovascular issues over time. It is important that we discuss these results to develop a plan for management, which may include lifestyle adjustments or medication.

Please contact our office at [Phone Number] at your earliest convenience to schedule a follow-up appointment. If you have access to the Patient Portal, you may also schedule your visit online.

We look forward to speaking with you soon.

Sincerely,

[Provider Name/Clinic Name]
