**RE: Follow-up regarding your recent urinalysis results**

Dear [Patient Name],

We are contacting you regarding the results of your recent urine test performed on [Date].

The results of your urinalysis show some findings that require further discussion and a follow-up appointment. Please do not be alarmed, as an abnormal result does not always indicate a serious condition, but it does require medical review to determine the next steps for your care.

**Please contact our office at [Phone Number] within [Number] days to schedule a follow-up consultation with [Provider Name].**

When you call, please mention that you are scheduling a "Lab Result Follow-up." If you have already scheduled an appointment or have discussed these results with our team, please disregard this letter.

We look forward to seeing you soon.

Sincerely,

[Provider Name or Clinic Staff Name]
