Dear [Patient Name],

Our records indicate that it is time for your routine **Osteoporosis Evaluation**. Bone health is an essential part of your overall well-being, and regular monitoring helps us manage your bone density and reduce the risk of future fractures.

We would like to schedule an appointment for the following:

- Review of your current bone health and medications.
- A Bone Mineral Density (BMD) scan, also known as a DEXA scan (if applicable).
- Discussion of calcium, Vitamin D intake, and lifestyle adjustments.

Please contact our office at **[Phone Number]** at your earliest convenience to schedule this evaluation. If you have already had a bone density scan performed at another facility within the last 12 months, please let us know so we can update your medical records.

We look forward to seeing you soon.

Sincerely,

[Doctor/Provider Name]
[Practice/Clinic Name]
