[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

Our records indicate that you are due for your routine annual wellness examination. Regular check-ups are essential for maintaining your health and identifying potential issues early.

During this visit, we recommend a routine Hepatitis screening panel. This is a standard blood test used to screen for Hepatitis A, B, and C. Many people with these conditions do not show symptoms, so screening is an important part of preventive healthcare.

Action Required:

- Please call our office at [Phone Number] to schedule your appointment.
- Your lab order for the wellness panel and Hepatitis screening has been placed in our system.
- Fast for [Number] hours before your appointment if required for other blood work.

If you have recently had these screenings performed at another facility, please let us know so we can update your medical records.

Sincerely,

[Provider Name/Clinic Name]
