

[Date]

[Patient Name]

[Patient Address]

[City, State, Zip Code]

Dear [Patient Name],

I am writing to provide you with the results of your recent blood work performed on [Date].

I am pleased to inform you that all of your lab results returned within the normal range. These results indicate that your [list specific systems, e.g., kidney function, liver enzymes, and cholesterol levels] are currently healthy and functioning as expected.

No further action or follow-up appointments are required at this time regarding these specific tests. We will continue with your regularly scheduled wellness exams.

A copy of your laboratory report is enclosed for your personal records. If you have any specific questions about these results or if you are experiencing any new symptoms, please feel free to contact our office at [Phone Number] or through the patient portal.

Sincerely,

[Provider Name, Title]

[Practice Name]
