RE: Your Recent Blood Test Results

Dear [Patient Name],

We are writing to provide you with the results of your routine blood tests performed on [Date of Test].

I am pleased to inform you that your results are within the normal range. These tests, which included [List specific tests like CBC, Metabolic Panel, etc.], do not show any areas of concern at this time.

Because these results are normal, no follow-up appointment is necessary regarding this specific screening. We will continue to monitor your health during your next scheduled physical exam.

A copy of your full lab report is enclosed for your personal records. If you have any specific questions or if you are experiencing new symptoms, please feel free to contact our office.

Sincerely,

[Doctor's Signature]
